January 2021

Dear Parent/Guardian,

Valley Grove School District strives to provide your child with the tools needed to enhance their learning opportunities. Technology is just one of the tools that are used by our teachers to provide learning experiences that engage and prepare your children to be successful in school and beyond.

Valley Grove School District provides each student with a technological device that is used in conjunction with the other educational tools to enhance the learning experiences offered to your child. These devices will not take the place of the textbook or other modes of instruction but will be an additional tool that students will use to increase their understanding of their different subjects.

Families have the option of purchasing an insurance policy for the rest of the 20-21 school year for a prorated fee of \$25.00 that covers damage up to the replacement cost of the device for accidental damage. If the insurance policy is not purchased, repairs will be charged to the student at the rate outlined in the attached handout.

As we move forward, Valley Grove School District will continue to explore ways to best meet the needs of our students. We look forward to continuing to partner with you to help your children succeed in school and in life. Please contact us if you have any questions by mailing [rghsinfo@vgsd.org](mailto:rghsinfo@vgsd.org) for high school students or [vgeinfo@vgsd.org](mailto:vgeinfo@vgsd.org) for elementary students.

Sincerely,

Valley Grove School District

**MISSION STATEMENT**

The mission of the Valley Grove School District in partnership with the community is to provide the opportunity for each student to obtain a comprehensive and quality education.
